Document ID: AUD-CONF-AML-2026-09 | Effective Date: 2026-03-01 | Classification: STRICTLY CONFIDENTIAL (Compliance Manager Only)

WARNING: THIS DOCUMENT CONTAINS HIGHLY RESTRICTED COMPLIANCE AUDIT OBSERVATIONS. ACCESS IS RESTRICTED STRICTLY TO COMPLIANCE MANAGERS.

1. EXECUTIVE SUMMARY AND AUDIT CANARY

During the Q1 2026 comprehensive internal audit inspection, the Internal Audit Directorate reviewed anti-money laundering alert backlogs, automated transaction monitoring thresholds, and customer due diligence records.

Internal Audit Reference Canary: AUDIT_REF_AML_2026_XYZ99.

2. TRANSACTION MONITORING AND ESCALATION THRESHOLDS

The review observed that cash transactions exceeding Indian Rupees Ten Lakhs (INR 10,00,000) or its foreign currency equivalent must be aggregated over thirty days and submitted via Cash Transaction Reports (CTR) to FIU-IND by the 15th of the succeeding month. The automated surveillance rules currently flag any cross-border inward remittance exceeding INR 5,00,000 to high-risk jurisdictions.

3. HIGH-RISK CUSTOMER DUE DILIGENCE REMEDIATION

A total of forty-two customer accounts flagged under Politically Exposed Persons (PEP) categorization lacked updated source-of-wealth verifications. Compliance Managers must ensure remediation by April 30, 2026. Failure to close outstanding documentation will lead to systematic account operational freezing under Rule 9 of PMLA.
